Dear Madam;

I am writing, to find out if some-  
thing can be done. Maybe, bringing a  
suit against Mobil Oil Co.

Because of an incident that happend  
in Shreveport La. at Craigs Mobil  
Serv. We have a credit card from  
Mobil Oil Co. so we stopped at  
Craigs Mobil Serv. to fill up our  
cars & to use the rest rooms, while the  
attendant was putting in the gas, we  
saw signs for ladies & Men rest rooms,  
knowing the south we ask for rest  
rooms & were informed they didn't  
have rest room facilities for coloured.

He knew we had the credit card because we gave him that at first.

With me at the time was my two children plus 2 other children ages 12 & 9 or 10 & also my wife & another lady. They were on their way to the ladies rest room, that was in plain sight & had to be called back, we then had to stop on the highway like animals.

We are members of the N.A.A.C.P. so our agent told us to write you directly, since we haven't received our membership cards yet.

I am naturally sending them their card back & letting them know why.

I haven't returned the card yet, I will wait to hear from you.

I would welcome a suit or whatever you suggest.

This happened last month while on my vacation.

Thank you  
John Easterling
